NORTHWESTERN CONNECTIONS. New All Rail South Open Between the Lakes and the Gull.

The following article from the Chicago Railway Review of the 6th inst, will interest pusiness men generally throughout the

We notice, with pleasure, the appointment of a passenger agent to the Northwest as a direct representative of an all rail line from Chicago to Memphis, Vicksburg, Mo-bile, New Orleans, Atlanta and other South era cities, via Indianapolis and Louisville -- embracing, from Louisville to the southwest, the Memphis and Louisville railroad line, the Musissippi and Tennessee, Molale and Ohio, Mississippi Central, and New Or-leans, Jackson and Great Northwestern Louisville and Mobile and Ohio railroads final and complete on the 3d of November authors, the Louisville and Noshville NEW YORK AND NEW JERSEX. and Nishville and Chattanooga cailroads to Chattanooga, connecting at the latter paint with the Western and Atlantic and East Tenpersecund Georgia railrods, for all points in and the Carolinas That these companies should consider their Northwestern intererests in Chicago, we had as an omen of a return of prosperity to the South, and a de-sire on the part of her people to cultivate the business relations and friendly feeling of the Northwest. We note as a further evidence of this fact, that the tide of pleas-are travel from the South has this season lowed toward the Northwest to a far greater extent than ever before. Saint Paul, Min- ardently for the success of the "faith that neapolis, the Green Bay region, and all is in them." That they may succeed is by no means improbable. west, are crowded with the business community and pleasure-seekers from the South A glance at our hotel registers will soure that Chicago has not been neglected; that every train from the South brings us numerous visitors who, escaping for a season from the burning sun and epidemics incidents to their native clime, breathe for awhile the pure and invigorating air of our Lake Michigan, return home with renewed health, folly impressed with the greatness of our city, the West, and imbaed with a desire to cultivate the business interests and friendly interconne of her people. And through no other channel can so much be done to cement these relations as through our railroads. That the interests of the South and Northwest and the great valley of the Mississippi were identical was, bfore the war, a well established fact. That we should once more attempt to revive those interests is evidently the duty of every business man in our community. That rival railroads have come into the field to compete for our favors, we accept as evidence that our corporate interests in this respect will be excefully guarded, and

all, of the railroads south of the Ohio river in a greatly crippled condition. With the exception of the Louisville and Nashville, all were according to the varying fortunes of war-operated by either the Federal or Confederate governments, leaving them in most instances at the close destitute of rolling stock, bridges, or buildings. As a natural result of their impoverished condition, it has required a long period to place them in a condition to compete for foreign trade; and the energies of their exguard their Southern and local interests. J. A. J. ROSE. t is graifying to know that all have once more been placed in a flourishing condition. Thoroughly equipped, with new rolling stock, new bridges, buildings, etc.-with their appointments equal in every respect to their sister lines of the North—they will prove themselves strong and not unworthy

and dates for public favor.
The Limiteville and Nashville Railroad C L 0 Company - representing pre-eminently one of the leading railroad lines of the United States has leased for a term of years the entire line between the State line of Tennessee and Memphis, bringing under one management the entire line of road between Louisville, Kentucky, and Memphis, Tennessee, a distance of 377 miles, running be tween those points without change of either day or night coaches. As an evidence of the superior condition of their road bed, the time consumed in traveling this distance is but twenty-one hours. Deducting a fair allowance for stops, would make the actual running time approximate very nearly to twenty-live miles per hour. While the time to Lawisville rm Indianapolis has been reduced to fifteen bours and five minutes; is Numbritle, Tennessee, to twenty three hours and to New Orleans, Louisiana; wa Indian apade and Lamsville, to filly-sex hours the entire distance to New Orleans, nearly one thousand miles, being traversed with but one change of cars, this being made at Louisville. To the traveler, probably, no route in America is traver-ed by more paints fraught with greater national or peronal interest. Passing by the Mammoth Carse, of Kentucky, the presenger is privi leged to stop over as long a term as he may desire, and visit the greatest of nature a curiusities. The battle tieble of Kentucky, Stone river, luka, Nashville, Vicksburg, Mississi Ridge, Chickmangu, Lookout and Kene etc, are all traversed by one or more of these routes. Pullman's palace sleeping cars are run direct from Chicago to Louis ville without change, whilst one of the elegant new sleeping carsof the "Rip Van Winkle Line" leaves Lamisville every evening for New Orleans, traversing the entire distance without change. At New Orleans direct Opelansas and Great Western railroad for Brashear City, ninety-eight miles; at that point connecting with Morgan's line of uner for Galveston and I quiring but twenty-one hours' time from New Orleans to Galveston. At Galveston connections are made with the Houston and Honduras railroad for Houston; at House ton with the Houston and Texas Central railroad for all points to Southern and Contral Texas. A new organization has effected the purchase of the Sew Orleans, Opelaneas and Great Western railroad, and as rapidly as possible the gap between Breashear and Houston will be completed. This, with the completion of the iron bridge acres the Ohio river at Louisville, now is course of construction, will furnish an undivided link of iron rail from

over fifteen bundred miles, Mrs. Merritt, who was but recently rescued from an incane asylum, where ahe was forcibly placed by a relative, was assaulted by two men on Thursday evening, while going to her home in Hudson City, N. J., who attempted to force her into a coach standing near, but being stoutly resisted, and the citizens coming to her rescues, the abductors fled in hot haste.

Chicago to Galyeston, Texas, a distance of

ENCOURAGING PROSPECTS OF THE GREAT DISTRIBUTION PRESIDENTIAL CARVASS. From the Detroit Pres Press.

PROGRESS OF THE CAMPAIGN IN MICHI GAN. The signs of the times are suspicous Never in the history of political contests, have the indications that early been so favorable to the Democracy of the country as to-day. In whitever direction we turn, the voice of hope and words of cheer greet us. The people already begin to take courage for the future. Democratic gatherings everywhere are large and enthusiastic. white Radical ones are small and spiritless. The whole party seems smitten with the

weight of guilt which is upon its leaders. INDIANA AND ILLINIOS. In Indiana and Illinios, our friends are at work nobly and energetically for the redemption of those States from the stigma of Radicalism. Hendricks and others are on the stump, and are enthusiastically received in every part of the former State; while Eden and a host of able speakers are working with determination in Illinios, and are by no means without a hope of carrying the State, notwithstanding the large luajority against us two years

In Ohio, Pendleton, Ward, Thurman and others, are all dealing heavy blows upon the Radical front, with every prospect of success. It is claimed that the hange in the German vote alone, in that State, will secure its electorial vote for Sey-

THE WORTH WESTERN STATES. In Iows, Minnesota and Wisconsin, the battle is being well fought, and our friends are very enthusiastic in their efforts to oface these States in the Democratic col imn. It is not at all improbable, viewing their condition from the present standpoint, that we may receive the victory in all these States, except Iowa-and even in that our friends are not without hope. The opular changes have been largely in our avor, and will continue to be so up to the election; but whether sufficient to over-come the enormous Radical majority of the past, the result alone will tell;

PENNSYLVANIA. From Pennsylvania, the keystone in the old Democratic arch, the news is not only good, but cheering. Our friends are san-guine of success. They are pressing the enemy back at every point along the whole line, and intend that their route shall be

New York and New Jersey are conceded as beyond Radical hope. The Democracy are "carrying the war into Africa" in those States, with a vegeance. In neither of theorgis, East Tomessee, Florids, Virginia them have the disciples of the mum candidate been able to secure a respectable num-ber for attendance at their public meetings. ests of sufficient importance to warrant the appointment of a representative of their in-

NEW ENGLAND. In all New England our friends are do ing battle most gallantly. The Nutmeg State (and where will you find a greater?) is going to fully maintain its position in the Democratic fold; while in New Hampshire the hardy Damoeracy are laboring

DELAWARE AND MARYLAND. Delaware, as usual, is sure for a Demo ratic majority. Maryland stands side by ide with her sister State, and will roll up large Democratic majority.

THE SOUTHERN STATES. Thoughout the South the Union sentiments of the people are gaining strength, and their supporters are daily organizing neetings in numbers. There is reason to e encouraged with hope, that notwithstanding the schemes and villainies of the ongressional Quirks, Gammons and Snaps behalf of the Titmonse satraps, we shall have a good account of the manner in which the battle of the Union and the Constitu tion has been once more fought in that portion of the country.

THE WESTERN STATES. From the far Western States come the words of cheer and the indications of suc cess. Our friends in California and Oregon promise to "be in at the death" of Radicalism, and make their shouts of victory heard east of the mountains.

MICHIGAN. the adage of "competition is the life of trade" we trust will be fully verified. In our own State "the work goes bravely on." We have cheering accounts from al The close of the late war left all or nearly sections. Our friends are active and deermined, and if the State is not redeemed from the blight of Radicalism which has so long been upon it, it will not be from the want of energy and want of action on the part of our noble-hearted Democracy, They are making excellent local nomina tions, and zealously working for their success. Let them "fail not, falter not, weary not in well-doing."

AND DEALERS IN Agricultural Implements, Sorgho Machines, Cider Mills, Grain Drills, Plows, Feed Cutters,

Corn Shellers, etc., etc.,

NEW WHEAT FAN, SEPARATOR, AND SMUT MACHINE COMBINED,

MANUFACTURERS AND PROPRIETORS OF THE CELEBRATED

Nos. 2 and 4 Corner College and Church Streets. NASHVILLE - - - - TENNESSEE,

Will keep constantly on hand the best improved AGRICULTURAL MACHINERY:

Suited to the Season, at MANUFACTURERS' PRICES, freight added. Also, the BEST

SORGHO, OR CANE MILLS. forrogated and Flat-bottomed Evaporators, and Cane Juice Clarifiers ever introduced into the

South. We are now fully under way, manufacturing our Celebrated Wheat Fan, Seed Separator and Smut Machine Combined

and will, after this date, be able to fill all orders promptly. In this machine, we effer to the public a Wheat Fan far superior to anything of the kind ever before invented.

It will easily chaff from .300 to 600 bushels of wheat per day, and cleaner at one running through than any Fan in the market.

It will clean wheat from smut, cheat, cockle, blighted, broken and shriveled grains and other impurities, leaving the best, healthy, plamp and perfect grains to sow.

It cleans wheat for market without WASTE, saving the small grains.

It empties the wheat directly into the half bashed, thereby avoiding the WASTE, as well as the TIME and LABOR, formerly unavoidable in measuring up the grain.

The mill runs associater and with less noise, besides many other improvements over the ordinary Fanning Mill.

Grain dealers will give from twenty-five to fifty cents more for foul wheat cleaned on this than on the common fan. than on the common fan.

The mill has been THOROUGHLY TESTED, and is pronounced by all who have seen it in operation, among whom are many of the best farmers, millers, grain dealers, machinists, in this and adjoining States, to be a PERFECT SUCCESS, and a valuable invention which has long been needed.

WANTED---ENERGETIC, RESPONSIBLE MEN!

Who can bring good references, and capable of conducting a business of from \$5000 to \$40,000, to purchase an interest in this Machine. To such parties we offer EXTRAORDINARY INDUCEMENTS: and say, come and see if we do not convince you that you can make MORE MONEY by a Judi cious investment, in handling this Separater, than in any other business. The Patent on this Fan covers ERGHT SPECIFIC AND IMPORTANT CLAIMS, thereby securing to parties purchasing Territory, an EXCLUSIVE MONOPOLY in this valuable invention for SEVENTERN YEARS. Also, wanted, reliable men in every county, to act as agents for the sale of the Mills. To such a liberal commission will be paid. The Mills are made of

Good, Strong, Well Seasoned Lumber! AND EVERY MACHINE WARRANTED.

Price of the Fan at the Manufactory. FORTY DOLLARS, Freight added.

Full Directions accompanying each Mill. For Territory or Fanning Mills in Tennessee, Kentucky and the Southern States, call on or T. H. JONES & CO.,
